

Quadra FNX Mining Ltd. produces, develops and explores for nickel, copper, cobalt, platinum, palladium and gold in Ontario's Sudbury basin. Our team-oriented environment offers the opportunity to be challenged, to contribute and to grow.

We are looking for a highly motivated **General Foreman, Development and Haulage** to join our team and play an active role in the development of the access to the Morrison Deposit. Based out of our Levack Mine Site the General Foreman will be responsible for the primary capital development, haulage of ore and waste and the subsequent movement of the ore and waste to surface. The underground construction also falls within the overall responsibilities. The position will work with the Project Manager to meet the Key Performance Indicators for the site including, health and safety, planned budget development, production and costs.

SPECIFIC DUTIES AND RESPONSIBILITIES

1. Ensure all operations are in compliance with legislative, company and site regulations.
2. Encourage the use of the IRS (Internal Responsibility System).
3. Develop and implement time schedules, budgets, and control mechanisms required to structure and manage a mining operation.
4. Ensure production targets are met.
5. Ensure systems are in place to effectively monitor first line supervisory performance.
6. Ensure all supervisors have the required training as per legislative and Company requirements.
7. Ensure employees are trained before performing the work.
8. Inspect all work and requests corrective actions.
9. Ensure compliance with H&S and Environmental.
10. Manage employee performance and adherence to the collective agreement in all activities on site including scheduling, vacation, job posting and all grievances at stage 2 with the assistance of the HR.
11. Keep a pulse of the workforce to maintain positive employee attitude and participation.
12. Such other duties as may be assigned from time to time.

QUALIFICATIONS, SKILLS AND KNOWLEDGE

- Minimum 10 years related experience as a second line supervisor in mining would be preferred.
- A post secondary diploma as a mining technologist or equivalent would be an advantage.
- Supervisory Common Core and Basic Hard Rock Common Core required.
- Strong organizational skills and the ability to communicate and motivate.
- Knowledgeable of occupational health and safety rules and regulations.
- Strong leadership skills.
- Intermediate level knowledge of Microsoft Office.
- Excellent oral and written communication skills.
